Subject: HPNS: Army Corps of Engineers report evaluating the HPNS building RGs
Attachments: HPNS TM Final.pdf

Terry /Nina –

FYI, I'm sending you a copy of a December 2020 report (attached) prepared for EPA by the Army Corps of Engineers evaluating the Navy's HPNS October 2019 submittals (which used the RESRAD BUILD and BPRG calculators to evaluate the protectiveness of the radiological building RGs).

Over the last year or so I've had several email exchanges with Dan Hirsch about the HPNS RGs. Yesterday, in response to a request for information related our August 2020 letter to the Navy about the building RGs I sent Mr. Hirsch a copy of the report. I also provided a copy to Derek.

Please let me know if you would like to discuss.
